Also try the usual hotel booking sites – location of the conference is at B40 1NT

These are just some suggestions of accommodation close to the conference centre – at a variety of prices. It is by no means a comprehensive list.

If you stay at Birmingham Airport there is a shuttle train which takes you to the NEC – although do allow time to walk through the NEC conference site.

Note some of the Hotels on the NEC site can be a walk away from the actual conference. The NEC is a big site.
